

DUAL SECONDARY BACHELOR OF SCIENCE IN HEALTH SCIENCES (BSHS) WITH A MAJOR IN MEDICAL LABORATORY SCIENCE AND MASTER OF SCIENCE IN HEALTH SCIENCES (MSHS) IN THE FIELD OF MOLECULAR DIAGNOSTIC SCIENCES

The School of Medicine and Health Sciences offers a dual secondary bachelor of science in health sciences (BSHS) with a major in medical laboratory science (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/bshs-medical-laboratory-science/>) and master of science in health sciences (MSHS) in the field of molecular diagnostic sciences (<https://bulletin.gwu.edu/medicine-health-sciences/graduate-programs/ms-molecular-diagnostics/>) degree program. The program allows students to take 9 credits in graduate courses as part of their undergraduate program, thereby decreasing the numbers of credits normally required for the master's degree. All requirements for both degrees must be fulfilled.

Code	Title	Credits
------	-------	---------

Credit sharing: 9 credits

MSHS courses taken during the BSHS program and corresponding BSHS courses waived:

MLS 6141	Advanced Immunology and Serology
----------	----------------------------------

MLS 4141	Immunology and Serology (Waived)
----------	----------------------------------

MLS 6158	Advanced Laboratory Management and Operations
----------	---

MLS 4158	Laboratory Management and Operations (Waived)
----------	---

MLS 6217	Medical Biotechnology
----------	-----------------------

MLS 4151	Molecular Diagnostics (Waived)
----------	--------------------------------

Visit the School of Medicine and Health Sciences website (<https://smhs.gwu.edu/>) for more information.
