

UNDERGRADUATE PROGRAMS

Bachelor's programs

- Bachelor of Science in Health Sciences with a major in clinical embryology and assisted reproductive technology (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/bshs-clinical-embryology-and-assisted-reproductive-technology/>)
- Bachelor of Science in Health Sciences with a major in clinical health sciences (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/bshs-clinical-health-services/>) (military contract)
- Bachelor of Science in Health Sciences with a major in clinical operations and healthcare management (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/bshs-clinical-operations-health-care-management/>)
- Bachelor of Science in Health Sciences with a major in clinical research administration
- Bachelor of Science in Health Sciences with a major in emergency medical services management
- Bachelor of Science in Health Sciences with a major in global leadership in disaster response
- Bachelor of Science in Health Sciences with a major in leadership for emergency action and disaster response (military contract)
- Bachelor of Science in Health Sciences with a major in medical laboratory science
- Bachelor of Science in Health Sciences with a major in molecular diagnostic sciences (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/bshs-molecular-diagnostic-sciences/>)
- Secondary Bachelor of Science in Health Sciences with a major in clinical embryology and assisted reproductive technology (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/secondary-bshs-clinical-embryology-and-assisted-reproductive-technology/>)

Combined programs

- Dual Bachelor of Science in Health Sciences with a major in clinical operations and healthcare management and Master of Science in Health Sciences in the field of healthcare quality (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/dual-bshs-mshs-clinical-operations-healthcare-management-health-care-quality/>)
- Dual bachelor of Science in Health Sciences with a major in clinical research administration and Master of Science in Health Sciences in leadership and strategy in regulatory affairs and clinical research administration (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/dual-bshs-clinical-research-administration-mshs-leadership-and-strategy-regulatory-affairs-and-clinical-research-administration/>)
- Dual Bachelor of Science in Health Science with a major in clinical research administration and Master of Science in Health Sciences in the field of biomedical informatics (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/dual-bshs-clinical-research-administration-mshs-biomedical-informatics/>)

[programs/dual-bshs-clinical-research-administration-mshs-biomedical-informatics/](https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/dual-bshs-clinical-research-administration-mshs-biomedical-informatics/))

- Dual Bachelor of Science in Health Sciences with a major in clinical research administration and Master of Science in Health Sciences in the field of clinical research administration
- Dual Bachelor of Science in Health Sciences with a major in clinical research administration and Master of Science in Health Sciences in the field of clinical and translational research
- Dual Bachelor of Science in Health Sciences with a major in clinical research administration and Master of Science in Health Science in the field of regulatory affairs
- Dual Bachelor of Science in Health Sciences with a major in molecular diagnostic sciences and Master of Science in Health Sciences in the field of clinical microbiology (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/bshs-molecular-diagnostic-sciences-mshs-clinical-microbiology/>)
- Dual Bachelor of Science in Health Sciences with a major in medical laboratory sciences and Master of Science in Health Sciences in the field of molecular diagnostic sciences (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/dual-bshs-mls-mshs-mds/>)
- Dual Secondary Bachelor of Science in Health Sciences with a major in medical laboratory sciences and Master of Science in Health Sciences in the field of molecular diagnostic sciences (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/secondary-bshs-medical-laboratory-science-molecular-diagnostic-sciences/>)

Minors

- Minor in anatomy (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/minor-anatomy/>)
- Minor in blood banking for medical laboratory science (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/minor-bbmls/>)
- Minor in disaster management (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/minor-disaster-management/>)
- Minor in emergency health services
- Minor in health data analytics
- Minor in microbiology (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/minor-microbiology/#admissionstext>)
- Minor in molecular biology (<https://bulletin.gwu.edu/medicine-health-sciences/undergraduate-programs/minor-molecular-biology/>)
